

Smart Wellness

Functions & Others

Scientifically shown to reduce spinal pressure, improve circulation, and help you fall asleep faster.

Zero Gravity

Mode

Massage Mode – Low-frequency vibration wave modes with 4 settings. Can be used together with head or foot massage for enhanced relaxation.

Slight head elevation to reduce airway obstruction, minimize snoring, and improve breathing.

Anti Snore

Gentle 5-minute rocking motion soothes the body and encourages relaxation, just like being rocked in a mother's cradle.

Swing

Designed for comfortable entertainment.

TV

Memory

Set and save your favorite position for pre-sleep stretching or relaxation. Recommended stretching relaxation time: 5 - 10 minutes for optimal effect.

Wake Up

Gradually wakes you with gentle massage, Zero Gravity, and position adjustments for a refreshed start.

Flat

Returns the bed to a natural, horizontal position for balanced full-body support.

Includes Magic 8 Relax Mode – 8-minute guided relaxation. Control: Easily via app (iOS & Android) or included remote.

For full smart functions and settings, please refer to the user manual or app.

TENCEL™
Feels so right

iRELAX
Anti-Static Treated Fabric

Sanitized®

Micro TENCEL™ Fabric with i-Relax & Sanitized® Functions

Micro TENCEL™ is soft, breathable, and sustainably sourced from FSC-certified eucalyptus wood pulp. This premium fabric features i-Relax anti-static technology to reduce static electricity for a more comfortable sleep, and Sanitized® hygiene protection to guard against fungi, algae, dust mites, and odors, keeping your mattress fresh and long-lasting.

**SMART
MATTRESS**

A Smart, Adjustable Mattress Designed for Wellness.

MAGIC

Engineered Wellness Sequence

A specially engineered 3-phase programme combining targeted head & foot sonic vibrations to help you **fall asleep up to 55% faster** and **boost deep sleep by 13%**.

- May **shorten sleep** onset by **up to 35 minutes.**

RELAX MODE

Multi-Dimensional Relaxation

- **Zero Gravity Positioning**
– lifts legs and heart to the same level to **reduce body strain.**

- **Low-Frequency Vibration Massage**
– 44Hz or 16-150Hz soothing vibration range that **helps ease and relax tired muscles.**

Low-Frequency Massage - 44Hz & 16-150Hz

Gentle yet powerful vibrations that **melt away muscle tension, boost circulation, and leave your body fully relaxed.** Choose a steady 44Hz rhythm for calm, or variable 16-150Hz waves for deep, full-body rejuvenation

Important:

- *Users with medical conditions (heart conditions, pacemakers, spinal or circulation issues, or pregnancy) should consult a doctor before using adjustable or massage functions.
- *The Smart Mattress is designed for comfort only and is not a medical device.
- *Everyone sleeps differently—results may vary based on your health, lifestyle, and sleep habits.
